Afternoon OWW Meeting Highlights

Reference Library and HD file room update – Joanne Chin – After the shelves have been restructured by vendors the work group will revisit the issue during September to discuss how to divide the space. (Workgroup members: Lisa J., Lisa M., Lindsay G., Jayne C., Gale L., Bella, ,Krista M., Melissa W. and a few others.)

Travel Update – Requests slightly exceed total funding. May reconsider some trips. All funding needs to be committed by August 21, 2015.

New travel Policy – Per Diem over 150% - The 2nd line supervisor needs to provide a memo approving the voucher for trips where the per diem is over 150% before the traveler can get paid. This policy went into effect on 4/17/2015. Dan is expecting UM's to manage this issue in most cases.

Feds Feeds Family - Krista M., and Dru K are representatives this year. Susan Poulson raised the question to OWW management of doing some kind of incentive program. Do we want to commit to a certain number of pounds? UM's did some brainstorming that Susan will share with Krista and Dru.

Health and Safety Training – Paula VanHaagen –This is a R10 metric that is being tracked. We don't get credit for health and safety because we don't all have job hazard analysis on files. Paula has an example that she can share with UM's.
